Sir:

INFORMATION DISCLOSURE STATEMENT

As suggested by 37 C.F.R. 1.97, the undersigned attorney brings to the attention of the Patent and Trademark Office the references listed on the attached form PTO/SB/08a. Please note that the reference, "Hostettman et al (1995) Saponins, Cambridge University Press", has not been included in its entirety. Attached is an extract of the book including the contents pages, several tables which include steroidal saponins whose structure falls within the claims, and a section which discusses known properties of some of the compounds.

This is not to be construed as a representation that a search has been made or that no better prior art exists, or that a reference is relevant merely because cited.

The Examiner is requested to initial the attached form PTO/SB/08a and to return a copy of the initialed document to the undersigned as an indication that the attached references have been considered and made of record.

Respectfully submitted,

NIXON & VANDERHYE P.C.
